PRAISE GOD FOR:

The restoration of peace and security in the country which we have been praying for, and God appointed a Prim Minister who is a believer who, I think a messenger of Unity and Love.

We thank the Lord for we are able to go back to the outreach to villages to visit, pray and follow up our work. We recently travelled to Eastward to scout and came back safe and happy praying over the village cities and making connection with local church leaders.

"Tez's prayer group is going to pray for three days for the land around zone two where there high security tension between Somali and Oromos. Establish a prayer group that will pray for our work in the area." this was my least prayer request, God answered this prayer, we had disciples who were in this area who were

held in the conflict but the day Tez and prayer team arrived and pray, the federal government army arrived. Now the peace is totally restored.

PRAY THAT THE LORD WILL:

There was MBB training that we should do in April in Zone 2 but we postponed it because of security and rainy season, the trainees are farmers, pray that the God will help us train in the end of May or beginning of June.

We like to establish peer leadership at village level in Zone one ' Harawacha area, Pray that The Lord will help us to identify called leaders.

Tez and her prayer team are going to Beshanule area in Nile valley where the New Dame is under construction, They feel like God is calling them to pray over this areas for peaceful completion of the dam with out the interference of the power of darkness, and blessing the Land.

The country is still under State of emergency, pray that the new leadership lifted this soon.
